Community Services Directory

This Directory is produced by Community Development, Strategy & Planning Group of Porirua City Council. It is designed to list contact details and descriptions of known community organisations offering services to Porirua residents. Thank you to those who have contributed.

The Directory is in two parts:

- Part I - Listing of organisations by their service category
- Part II - Alphabetical listing of groups by name

To find a listing:

- If you know the name then look in the alphabetical section (Part II) for that name.
- If you don’t know the name, or if you’re making a general search, use Part I to find the name of organisations you are interested in. For instance if you want to know information on primary and intermediate schools in the area look under the heading ‘Primary Education’. Under this heading you will find a list of names of all the primary and intermediate schools operating in the area. To find their contact details look up these names in the alphabetical listing in Part II.

Organisations Update:

Whilst care is taken to ensure the accuracy of the information contained in this directory, it can only be as good as the information supplied. Therefore this directory is to be used as a guide only, and should not be considered to be neither a fully authoritative nor an exhaustive list of services available in the community. If you are aware of organisations not listed, or of information in need of updating, please contact the Community Officer, Community Development, Strategy & Planning Group, Porirua City Council, Telephone (04) 237 5089, or write to PO Box 50218, Porirua 5204.

Alternatively you can complete either the form attached at the back of this Directory or at the Council website and return by post fax.

For enquiries please contact
Community Development Unit
